# Uniform and Appearance Policy

## St Aloysius' College

---

The correct wearing of uniform and the general appearance of pupils are very important matters. The pupils of St Aloysius' College take the reputation of the school with them wherever they go in uniform and it is therefore vital that our uniform is always worn appropriately and with dignity.

School uniform serves to shelter children and young people from the ever-changing demands of fashion by ensuring a level of uniformity, equality and belonging. It promotes a positive learning environment and high expectations. It also means there is less of a socioeconomic distinction that can be made between pupils.

These principles are the rationale behind the following standards which we expect from all pupils.
